Three archery coaches graduate from ICECP 2009-2010

Lausanne - 1 June 2010

The United States Olympic Committee (USOC) and the University of Delaware created a programme called International Coaching Enrichment Certification Programme (ICECP) to certify national coaches from all sports for the improvement of their coaching structure in their countries. Three archery coaches participated in the ICECP 2009-2010 edition with the support of the Olympic Solidarity.

The coaches presented their final projects in Lausanne, home city of the International Olympic Committee (IOC) and most international federations. FITA Development Department was invited by the organisers to attend the presentation and graduation day at the IOC headquarters and at Maison du Sport International (MSI). FITA Development Department was pleased to attend and celebrate the success of the archery coaches.

[Yu CHIAO-HSU \(TPE\)](#), Edward RAMESAR (TRI) and Badamkhatan TSOGT (MGL) photo benefited of this programme and graduated successfully. We would like to congratulate all three coaches and particularly Badamkhatan TSOGT who
