ASIAN ARCHERY

2018 | Published by World Archery Asia(WAA) in Seoul, Korea

20th Asian Archery Championships

At the beginning of New Year

Dear Asian archery family,

At the beginning of New Year, I would like to express my sincere gratitude to all of Asian Archery members and wish you happiness and prosperity.

WAA has implemented several effective programs aimed at the balanced development of archery in the Asian region, and as a result, we were able to secure excellent marks at international competitions. Especially, in last year, Asian athletes demonstrated their greatly improved skills at the 2017 World Archery Championships in Mexico and Asian Archery Championships in Dhaka proving that the level of development in Asian archery far exceeds that any other continent. These results would not have been possible without your active participation and concern. And WAA will keep putting forward its best efforts in designing sustainable development for Asian archery together with our member associations.

In this year, one of the major Asian sports events, the Asian Games will be held in Jakarta, Indonesia, and I expect occasion will be a good opportunity for Asian archers to perform the advanced competitiveness and write a new history of the world. It is very pleased to share these glorious moments with all of you, and I look forward to see you soon.

Once more, I would like to express my sincere gratitude again for all your encouragement and efforts in boosting the development of Asian archery and wish you all many victories in the New Year:

Thank you very much.

Euisun Chung
President
World Archery Asia
